Gham Power, in partnership with Practical Action and Swanbarton, has secured a project from UNIDO to install a 4 MWh energy storage system in Nepal, one of the largest in the country.

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to ...

Solar with battery storage presents a timely and strategic upgrade for Nepal"s renewable energy sector. Despite abundant solar potential with over 300 sunny days a year ...

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This ...

Designing Solar Battery Infrastructure for Mountain Resilience in Nepal. This project develops self-sufficient, resilient battery storage solutions for Nepal"s high-mountain regions, addressing ...

Solar with battery storage presents a timely and strategic upgrade for Nepal"s renewable energy sector.
