The number 3 is a very mystical and spiritual number featured in many folktales (three wishes, three guesses, three little pigs, three bears, three billy goats gruff).

Pick 3 drawings are held every evening at 6:59 and aired live on local television stations. Midday drawings are not televised and are held Monday through Saturday afternoons ...

Three is the first odd prime number, and the second smallest prime. It is both the first Fermat prime ($2^{2^2} + 1$) and the first Mersenne prime ($2^{2^1} - 1$), as well as the first lucky prime.

The meaning of THREE is a number that is one more than 2. How to use three in a sentence.
