Marketing, Technical & Production team with More than 15 years experience in container manufacturing industry. Covering hundreds of special container type, we can provide ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours. Go big with our modular ...

The PFIC30K64P30 is a compact all-in-one solar storage system integrating a 30kW power output, 64kWh energy storage capacity, and 30kWp high-efficiency foldable PV ...

The 30kw battery storage systems and BESS container form an integral part of the broader energy ecosystem. These systems offer an efficient and reliable way to store energy ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Are you considering a 30kW solar systems for your home or business? Whether you're looking to slash energy bills, achieve energy independence, or reduce your carbon ...

Long Cycle Life: LiFePO4 batteries have a long cycle life, which means they can be charged and discharged many times without significant degradation in performance. This makes them ...
