We have been specializing in ICESS (Industrial and Commercial Energy Storage System) solutions for over 9 years. We currently have 87 employees, including 24 engineers.

Compatible with photovoltaic (PV) integration, the system enables users to reduce electricity costs through smart energy management. For off-grid and backup applications, the IEB350kWh is ...

The construction site backup energy storage solution employs liquid-cooled battery PACK + liquid-cooled PCS design, which has good heat dissipation effect. It supports long-term 1C rate ...

Compatible with photovoltaic (PV) integration, the system enables users to reduce electricity costs through smart energy management. For off-grid ...

20ft Bess 350kw Battery Energy Storage System Container Lithium Battery Containers offer 0.5-1 MWh output power, 500~1000 V system voltage, and liquid cooling. | Alibaba

It utilizes lithium batteries for energy storage, achieving 1P/1C charge/discharge and around 9000 cycles. In addition, the liquid cooled BESS can be deployed at constructions, mining and remote ...

Shipping fee and delivery date to be negotiated. Chat with supplier now for more details.

Ideal for use in renewable power plants. Powered by lithium-ion batteries, this portable product is ready to supply reliable power in challenging situations. It can work in island mode, as a hybrid ...
