We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

The RemotePro® PL Series (RPPL) outdoor power systems from Tycon Power® are meticulously designed for applications that require a primary off-grid power source to run various electronics.

If you are running a house, cabin or RV with offgrid solar, the most popular option is an "Offgrid Specific 48V All-in-one Inverter". Each unit has ...

Want more power from your solar system? Learn why 48V is the smart choice! Our simple guide shows you how to get started with off-grid living.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.
