-----

Discover 600V battery packs with LiFePO4 cells, IP67 housing, and 4000-cycle life. Ideal for EVs, solar storage & power tools. CE certified.

Microgreen offers large-scale energy storage that is reliable in harsh environments, cost effective with top energy density, and provides best return on investment.

We've combined a powerful 400V, 500V, or 600V lithium battery pack, an advanced liquid cooling system, and an Onboard Charger (OBC) into one unit. The cooling module and OBC are ...

Hunan CTS Technology Co,Ltd. is a professional manufacturer engaging in research,development,production,marketing and service of lithium ion pouch battery cell, ...

The EnerC+ container is a modular integrated product with rechargeable lithium-ion batteries. It offers high energy density, long service life, and efficient energy release for over 2 hours.

As a key component of solar energy systems, the Delong 60kWh high voltage battery pack is highly versatile. It delivers stable and reliable power solutions for various fields, including ...

Features: Lithium iron phosphate battery provides long-lasting, efficient power to your RV Deep cycle process allows the battery to be repeatedly charged and discharged Built-in BMS ...

Built-in BMS (battery management system), the 50A MPPT ...
