Hello everyone, I just bought my first car, a 2014 Volvo V40 T3, and a warning appears on the dashboard that says "low battery charge." The car is recently...

The main battery is the one to look at. The secondary battery is only connected to the car by a relay for a fraction of a second during an engine restart from a stop/start event, ...

The Nigerian Electricity Supply Industry (NESI) is set to integrate renewables into the country's national power grid, with the beginning of a feasibility study into the Battery ...

This paper focuses on the design of a battery management system for a hybrid renewable energy system comprising wind and PV ...

Solar photovoltaics combined with battery storage could meet 66% of Lagos's projected 2050 energy demand without significant infrastructure upgrades. We guide, plan and design the ...

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at ...

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am ...
