Are battery charging stations revocable consent?

Labour organizations representing delivery workers alongside city leaders supported the requirement to move battery charging outdoors. Despite this, charging stations have been slow to setup due to regulatory delays. A proposed new rule from the city offers some good news, allowing battery cabinets to fall under "revocable consent".

Can a battery swapping and charging cabinet be installed outside?

Under the new rules, published Thursday in the City Record, a battery swapping and charging cabinet may be installed outdoors and adjacent to buildings with ground floor commercial and community facility uses and residential buildings with five or more dwelling units.

Are battery cabinets revocable consent?

A proposed new rule from the city offers some good news, allowing battery cabinets to fall under "revocable consent". Once taking effect - likely in mid to late 2025 - local businesses including bodegas, grocery stores and restaurants could request to have battery cabinets installed outside of their doors.

Starting Feb. 1, property owners and tenants can apply to install battery swapping and charging cabinets.
