How much does a 20ft storage container cost?

Prices for new and used 20FT storage containers at AutoTrader.ca range from \$4500 - \$11,500 plus HST and plus delivery.

Is a 40 ft container a good value?

They are graded as Cargo Worthy, Windwater Tight or As Is. As previously mentioned, Container Management, Inc. never sells As-Is condition containers. As a general rule of thumb, a used 40-foot standard container will be priced around 30% more than a used 20-foot container, of the same condition.

What size shipping container do I Need?

Choosing the right size is critical as it impacts both cost and usability. The 20-foot,40-foot,and 40-foot High Cube containers are the most common sizes for shipping containers that are to be used for export shipment or for storage. Both sizes are large enough to hold a substantial amount of freight and fit into loading slots on container ships.

What is a used shipping container condition rating?

Used container condition ratings include Cargo Worthy(CW),Wind &Watertight (WWT),or As-is. Here's a breakdown of the cost for used shipping containers: CW containers can be certified for export shipping,meaning they can withstand the rigors of sea travel,and all of the major steamship lines will accept them for transit on their ships.
