What is a curtain wall system?

Curtain wall systems are non-structural systems for the external walls of buildings. As a global leader in curtain wall system manufacturing, Kawneer engineers a comprehensive range of curtain wall systems available in traditional stick fabrication and unitized options.

What is a curtain-sided container?

The curtain-sided container is available in 2 variations. Type A (L- or XL-approved) is equipped with a birch floor including aluminum side boards with stanchions and wooden planks and can be (un)loaded from 3 sides. Type A+ (XL-approved) is equipped with a lightweight bamboo floor, including the aluminum side boards, stanchions and bamboo planks.
