What is Acme switch gear?

Acme Switch Gear manufactures a wide range of switchgear, including low-voltage, medium-voltage, and high-voltage switchgear. Our products cater to various industrial and commercial applications, ensuring safety and reliability in electrical distribution systems. What industries does Acme Switch Gear serve?

What is a custom manufactured switchgear?

Our custom manufactured switchgear solutions are designed to meet companies' specific power distribution equipment needs, and we are known as the preferred choice among custom switchgear manufacturers. We offer a wide range of stainless-steel, metal-enclosed, and metal-clad switchgear, as well as switchboards ranging from 208V to 38kV.

Why do you need a switchgear manufacturer?

When it comes to protecting and powering your electrical distribution systems, having the right equipment is crucial. As a leading provider of switchgear manufacturing services, we offer best-in-class components and expert solutions designed to help you optimize your supply chain and minimize downtime.

Why should you choose Acme?

ACME is ready to support the market with its extensive low voltage power distribution requirements. Excellent workforce enables us to meet and committed to giving the best quality product along with after sales service.
