This ambitious endeavor transforms a standard 20-foot shipping container into a high-capacity, modular, and off-grid power system capable of supporting diverse energy needs.

Solar shipping container powers irrigation and tools in off-grid farms. Ideal for remote agriculture needing clean, mobile energy.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

From remote mountain cabins to desert ranches, hunting retreats to permanent homesteads--if you can get a 20-foot container there, we can power your life. Each unit arrives as a complete, ...

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

With an existing tracking solar mount, we aimed to integrate their existing solar in the new off-grid system, which would be housed in a converted shipping container and also ...

The 20ft solar-powered container is the final answer to speedy deployment, inexpensive power generation and a clean energy tomorrow. Disaster relief after a catastrophe ...
