How much does electricity cost in Ivory Coast?

Ivory Coast, September 2022: The price of electricity is 0.122 U.S. Dollar per kWh for households and 0.207 U.S. Dollar for businesses which includes all components of the electricity bill such as the cost of power, distribution and taxes.

When will Ivory Coast & Cie become regulated in Africa?

On 1 January 2021, the 12-year agreement signed last October between the Government of Ivory Coast and the country's integrated electricity utility CIE (Compagnie Ivoirienne d'Electricit&#233;) became operational, establishing one of the first incentive-based regulatory regimes in Africa.

When does the Ivorian electricity agreement expire?

After several amendments, the agreement between the Ivorian state and CIE was due to expire in 2020. To meet the challenges of a growing and more diverse electricity sector, the government wished to go beyond the pre-existing agreement and fundamentally renew its relationship with CIE.

What does FTI Consulting do for the Ivorian electricity sector?

In 2019 and 2020, FTI Consulting helped define an entirely new regulatory regime for the Ivorian electricity sector, aiming at improving service quality for the Ivorian population, reducing costs, and increasing accountability.
