Will Kyrgyzstan implement two solar power plant projects?

As part of the International Energy Investment Forum in Vienna, the Ministry of Energy and the Ministry of Economy and Commerce of Kyrgyzstan signed an agreement with the International Finance Corporation (IFC) on implementation of two solar power plant projects. The press service of the Ministry of Economy reported.

Does Kyrgyz Republic have a solar energy project?

The Kyrgyz Republic is making significant strides in solar energy development. A recent memorandum of understanding between the Ministry of Energy, the Ministry of Economy and Commerce, and the International Finance Corporation (IFC) marks a key step forward in the second phase of a major solar power project.

How has the IFC shaped Kyrgyzstan's solar energy sector?

In the project's initial phase, the IFC was instrumental in assessing and structuring a pilot solar energy project of 100 to 150 MW in the Kochkor district of the Naryn region. This groundwork has set the stage for attracting more private sector investment into Kyrgyzstan's solar energy sector. Image: Collected

What is the Kyrgyz-IFC agreement?

According to the Ministry of Economy and Commerce, the agreement is a continuation of cooperation between the Kyrgyz government and IFC on the construction of solar power plants with a total capacity of up to 500 MW in Kyrgyzstan.
