Is battery storage a key technology for Mozambique's future?

Globeleq sees battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

Should Mozambique export electricity?

One of the big challenges of Mozambique is its size and shape, which make the transportation of electrons across the country quite expensive. Exporting electricity would bring foreign currency that can support investments in domestic transmission and distribution infrastructure.

Why should Mozambique be a regional power supplier?

First, to ensure that Mozambique has reliable and cost-effective power generation capable of meeting its 2030 electrification goals. Second, to establish Mozambique as a regional power supplier of choice. South Africa has a critical shortage of electricity, and Zambia and Zimbabwe also require power.

Source Energia is an independent developer of renewable energy projects in Mozambique and Angola. The company is developing a portfolio focused on the development ...

Samir Salim, country and business development director of Globeleq, talks to The Energy Year about fast-tracking renewables projects in Mozambique and the potential of solar ...

After having invested US\$300 million from the World Bank in the extension of the port of Nampula, the State of Mozambique is in the midst of negotiations with Japan, which should soon install a ...

Speaking to reporters on Tuesday, the Mozambican Minister of Mineral Resources and Energy, Carlos Zacarias, revealed that both ...

Mozambique Redox Flow Battery Industry Life Cycle Historical Data and Forecast of Mozambique Redox Flow Battery Market Revenues & Volume By Material for the Period 2020- 2030

In a significant move for Mozambique's energy sector, the Ministry of Mineral Resources and Energy (MIREME) and the Energy Regulatory Authority (ARENE) have ...

Commercial operations at the 19MWp Cuamba Solar PV and 7MWh battery energy storage plant in Mozambique are officially ...

After having invested US\$300 million from the World Bank in the extension of the port of Nampula, the State of Mozambique is in the midst of ...
