Does Nauru have an electricity supply?

Nauru previously relied on diesel-powered generators maintained by the Nauru Phosphate Corporation for its electricity supply. After the dismantling of the Nauru Phosphate Corporation and government restructuring, the government-run Nauru Utilities Authority now manages the power supply.

Who is responsible for Nauru's sewage system?

The Nauru Rehabilitation Corporation is responsible for managing Nauru's sewage system. The state-owned RONTTEL is the supplier of main telephone lines in the country. Cenpacnet Inc, which has been operating since 2000, is Nauru's only internet provider; it is jointly owned and operated by RONTTEL and the Ministry for Nauru Phosphate Royalties Trust.

Does Nauru have oil reserves?

Nauru does not have any indigenous supply of oil and relies entirely upon imported diesel for energy production and water desalination. No major oil companies operate out of or have a presence in Nauru. There is one service station on the island.

Who owns Rontel and CenpacNet in Nauru?

RONTTEL, which is state-owned, is the supplier of main telephone lines in Nauru. Cenpacnet Inc, which has been operating since 2000, is Nauru's only internet provider. It is jointly owned and operated by RONTTEL and the Ministry for Nauru Phosphate Royalties Trust. Cenpacnet also operates the .nr domain name and maintains a webmail server.
