Onyx Solar sets the industry standard with its unmatched PV glass solutions, blending high efficiency, aesthetic versatility, and environmental sustainability. Elevate your architectural ...

This ground-breaking technology captures solar energy by coating a layer of translucent solar cells onto the surface of the glass, allowing it to turn sunshine into energy ...

This innovative glass is designed to convert sunlight into electricity, combining the functional attributes of a building's envelope with the capability to generate clean energy.

Onyx Solar photovoltaic glass can be customized to optimize its performance under different climatic conditions. The solar factor, also known as "g-value" or SHGC, is key to achieve ...

Onyx Solar photovoltaic glass can be customized to optimize its performance under different climatic conditions. The solar factor, also known as "g ...

Ideal for both new constructions and renovations, our Photovoltaic glass acts like a solar power generator and high-performance architectural glass. Fully customizable, it offers a range of ...

Double or triple glazing, in strips or as insulating glass made to measure, toughened or not - solar control glass from AGC Interpane meets the individual requirements for each of your projects.
