-----

With the Philippines grappling with grid instability and surging residential energy demands, the company spotlighted two flagship innovations: its ...

Under the agreement, Sungrow will supply its PowerTitan2.0 energy storage system. The liquid-cooled PowerTitan 2.0 integrates a 2.5MW Power Conversion System ...

The Mindanao Container Terminal (MCT), operated by International Container Terminal Services Inc. (ICTSI) in the Philippines, has transitioned to solar power for daytime ...

So far, the majority of battery energy storage system (BESS) projects we have seen go into commercial operation in the Philippines have been paired with thermal generation ...

As the region experiences rapid urbanization and rising energy costs, there is a clear shift toward residential solar-plus-storage solutions that offer greater independence, ...

As the Philippines embraces renewable energy and seek sustainable development, the need for efficient and reliable solar-plus-storage solutions has become increasingly urgent.

Under the agreement, Sungrow will supply its PowerTitan2.0 energy storage system. The liquid-cooled PowerTitan 2.0 integrates a ...

It provides continuous power, unlike diesel generators. This solar container power solution drastically lowers fuel costs. It also eliminates generator noise and air pollution. Project carbon ...
