From battery packs with integrated BMS and custom battery chargers to flexible portable power stations with long-life lithium-ion batteries, we deliver the power you need to outperform in any ...

From battery packs with integrated BMS and custom battery chargers to flexible portable power stations with long-life lithium-ion batteries, we ...

At Promwad, we design custom BMS hardware and embedded software for Li-ion, LiFePO4, and other chemistries, optimised for your application"s performance, capacity, cost, and safety ...

Voltaplex offers tailored BMS design services that align with your product"s power requirements, space constraints, and industry-specific compliance needs.

We offer design support for the total battery pack, including smart li-polymer battery pack solutions, BMS integration, PCB development, enclosures, testing, regulatory support, and ...

We offer customizable services including feature configuration, series-parallel optimization, and wide-temperature ...

CM Batteries has designed hundreds of BMS solutions for our customers. Each custom battery pack solution has their unique working mode and request for electronic performance.

We offer customizable services including feature configuration, series-parallel optimization, and wide-temperature adaptability design to ensure safe and reliable battery ...
