How much does a solar panel cost in Delhi?

Without subsidies, the solar panel price in Delhi varies depending on the capacity, quality, and brand of the panels. Typically, the price of a solar panel system ranges between INR 75,000 to INR 85,000 per kilowatt (kW), excluding installation charges.

How to save money on solar panels in Delhi?

With both subsidies combined, you can save up to 40% on total solar cost. For instance, a 3 kW system priced at INR 1,22,979 can drop to around INR 73,787 after subsidies. When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable.

How a solar panel subsidy works in Delhi?

When factoring in the subsidy, the solar panel price in Delhi with subsidy becomes much more affordable. In addition to these subsidies, homeowners can take advantage of net metering, a system where surplus energy produced by the solar panels can be sent back to the grid, further reducing energy bills.

Are solar panels a smart investment in Delhi in 2025?

Delhi is moving fast towards clean energy, and rooftop solar systems are becoming a popular choice for homes and businesses. With rising electricity bills and government support, installing solar panels in 2025 is a smart investment.
