What is a whole-house solar battery & a Bess unit?

For residential customers, whole-house solar batteries and small-scale BESS units provide self-consumption, outage protection, and participation in emerging virtual power plants (VPPs). These products often include lithium-ion or lithium iron phosphate (LFP) chemistries, integrated inverters, and smart monitoring systems for simple deployment.

What equipment does Bess offer?

Multi-zone smoke detectors, clean-agent fire suppression and external horn strobes are standard, on-board equipment giving you peace-of-mind. Our BESS solutions are: Built, tested and optimized for the North American market for commercial projects. Equipped with integration controls for solar PV and generators
