Volume 21, Issue 28 Special Issue: Tribute to Pulickel M. Ajayan

Since joining Wiley in 2010, she has worked across a range of Materials Science journals, and is currently Deputy Editor for Small and Editor-in-Chief of Nano Select.

A block-like organization is uncovered in P (NIPAM- co -NIPMAM) microgels synthesized via one-step copolymerization, using a combination of small-angle neutron scattering (SANS), dynamic ...

Arylamine small molecules functionalized with multiple primary amino groups and various extended ? bridges exhibit outstanding electrochromic switching and long-term stability.

Small is a nanoscience & nanotechnology journal providing the very best forum for fundamental and interdisciplinary applied research at the nano- and microscale, covering ...

Electrochemical impedance spectroscopy and small-angle X-ray scattering reveal Pt 3 Co's high sensitivity to humidity gradients, highlighting its vulnerability to dealloying and ...

Please note that reactions following a new synthetic procedure can be conducted on a small scale, but at least one example should be at a scale of 1 mmol.

Small provides the very best forum for experimental and theoretical studies of fundamental and applied interdisciplinary research at these dimensions. Read an attractive mix of peer ...
