Mounted on this frame is the innovative PV rail system and the clever folding mechanism of the solar panels, which enable the transport dimensions and lifting points of a standard 20f high ...

Mobile solar containers with PV area up to 200 m². Only 15 minutes to prepare your mobile solar power plant to work. Check this solution!

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly ...

The 20ft PV container is not just a transportable power unit; it is an effective off-grid energy core that achieves the best balance in energy capacity, mobility and scalability.

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and redeployable solar plant

Mobil-Grid® 500+ solarfold is a 20 Feet ISO High Cube container, with CSC certification, which integrates a plug and play pre-wired deployable and ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight ...

MEOX Mobile solar container is a fully prefabricated solar array container solution designed by MEOX. Mobile Solar container is designed to be more convenient, requires fewer labour hours ...
