Can battery energy storage be commercially viable in Vietnam?

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and efficiency. It also seeks to help Vietnam meet its climate action targets.

Can energy storage help Vietnam meet climate goals?

Co-funded by a grant from U.S. Mission Vietnam, the pilot project will demonstrate how energy storage can help Vietnam integrate more renewable energy into its power system to meet ambitious climate goals.

What is Ami AC renewables doing in Vietnam?

Since 2017, the company has been developing and operating renewable energy projects in Vietnam, which include the 252 MW wind project in Quang Binh and the 80 MW solar plants in Khanh Hoa and Dak Lak. In October 2021, U.S. Mission Vietnam awarded AMI AC Renewables a grant of US\$2.9 million to spearhead and develop the project.

Is Trina Solar a good choice for Vietnam?

"Trina Solar modules use dual-glass, useful for challenging environments like these where proximity to the sea means higher humidity and salt spray," says Wang. "Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites," she adds.

VinFast Energy's domestically manufactured BESS features high energy density, liquid cooling technology and parent company VinGroup likewise aims for the project to ...

KSTAR made a strong debut at Solar & Storage Live Vietnam 2025, introducing a comprehensive lineup of smart PV and energy storage solutions tailored to Vietnam's evolving ...

Desay's commercial and industrial systems come in both small and large configurations and feature high-capacity cells, smart EMS platforms, and support for PV-diesel ...

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid ...

VinFast Energy's domestically manufactured BESS features high energy density, liquid cooling technology and parent company ...
