Is Canberra a good place to install solar panels?

Canberra averages around 2,600 sunshine hours every year (Source: Bureau of Meteorology), making it perfect for solar power. Rising energy costs mean solar panels help you lock in your own savings. Meta Electrical is your local Clean Energy Council Accredited Installer. We help you cut your bills and keep your energy local.

Which Solar System is best for Canberra Homes?

Sizing Your Solar System for Maximum ROI: The 6.6kW system is the most popular for Canberra homes, balancing affordability with energy production to achieve faster returns on investment.

Why should you go solar in Canberra?

Going solar in Canberra is one of the smartest ways to cut your power bills and protect yourself from rising energy costs. With plenty of sun and generous rebates, Canberra solar systems pay for themselves fast and keep saving you money for years.

Who are Canberra's best solar panel installers?

Updated 19 August 2025 | By John Murtagh Huglo Solar, one of Canberra's most recommended solar panel installers. Photo: Thomas Lucraft. If you're a homeowner tired of paying thousands of dollars a year for power, chances are you've thought about adding solar panels to your roof.
